LEARN UNDER THE BIGGEST & BRIGHTEST FROM THE INDUSTRY

To excel in your career from day one, you need cross-disciplinary skills, industry insights, and technical know-how. These are often not adequately provided by traditional education methods like written assignments, industry visits, or internships.

Our programmes integrate industry expertise directly into the classroom experience. Co-designed, co-delivered, and co-assessed by industry professionals, our programmes offer hands-on learning opportunities with over 300 partner brands. The aim is to ensure you have real-world experience and secure job or business opportunities before graduation.

Winner of the
Employers' Choice Award
by Talentbank for
TWO CONSECUTIVE YEARS

CONSORTIUM OF INDUSTRY PARTNERS

YOUR WORK EXPERIENCE COUNTS!

SHORTEST & FASTEST PATHWAY FOR ADULT LEARNERS

SKIP ENTRY REQUIREMENTS: DIRECT ENTRY PATHWAY

Can't meet the entry requirements? APEL.A is the preferred alternative pathway to qualify yourself for a programme.

STUDY FIRST AND GET AUTOMATICALLY QUALIFIED LATER

Start studying first and you will automatically be qualified once you pass more than 50% of the subjects.

SHORTEN YOUR STUDY DURATION

Cut your studying duration up to 50% using your experience from work & training!

GET A QUALIFICATION WITHOUT STUDYING

Convert your work experience into a fully recognised qualification.

CANNOT COMMIT FOR A FULL-FLEDGED PROGRAMME?

"ALA-CARTE" YOUR EDUCATION

BUILD YOUR QUALIFICATION SUBJECT BY SUBJECT

Not ready to take on a full-fledged programme? Enrol in 1 subject as a micro-credential first. Accumulate the subjects over time and stack them up to become a full-fledged qualification.

PROFESSIONAL PROGRAMMES

4 MICRO-CREDENTIAL SUBJECTS

DEGREE/DIPLOMA

6 PROFESSIONAL PROGRAMMES

QUALITY EDUCATION WITHIN REACH

PROGRAMMES THAT SUITS YOUR NEEDS

Mode of Study	Full time	Programme is offered in full time mode
	Weekend	The weekend programme is also designed to suit adult learners to complete within the shortest timeframe possible
	ODL	Open and Distance Learning (ODL) mode is a fully-online learning mode suited to students who wishes to study off-campus
	WBL	Work-Based Learning (WBL) is an innovative mode of delivery where SEGi partners with a renowned brand to deliver the programme. Students get the best of both worlds in their studies – theoretical know-how from SEGi and practical learning from the industry
Micro-credentials	MC	Micro-credentials are designed for students who wish to 'ala carte' their education. Subjects are offered on a singular basis and are stackable over time to convert into a full-fledged qualification
APEL	APEL A/M/C	Developed by the Malaysian Qualifications Agency (MQA), the Accreditation of Prior Experiential Learning (APEL) programme enables students to access multiple pathways into a recognised programme
	APEL Q	The APEL.Q programme enables students to convert work experience into a recognised qualification without going through the conventional teaching and learning of a programme
Mobility	Mobility	Students are eligible to study in another SEGi campus for 1 semester without additional cost to their tuition fee
	Global Mobility	Students are eligible to transfer to our partnering universities for mobility programmes
Funding	PTPTN Assistance	A dedicated PTPTN Assistance office to help students secure PTPTN fundings
	EPF-Claimable	Students/guardians can withdraw from the EPF to fund their/their children's studies
	PTPTNX'tra	PTPTNX'tra helps cover the remaining shortfall that is not covered by PTPTN. Students can effectively pay nothing until they graduate and enjoy an education loan with a minimal interest rate of 1%
	EduFlex	Designed for Adult Learners, students can leverage on our education loan with a minimal 4% interest
	0% Installment	We offer a 0% interest monthly instalment plan, so that you don't have to break the bank.
	HRDC-Claimable	All our programmes are claimable under HRD Corp

WHY STUDY COMPUTING OR INFORMATION TECHNOLOGY?

Do you see yourself designing and creating software systems? Information Technology (IT) or computing might be the right course of study for you if you are thinking of becoming a manager or administrator to a technical enterprise, a degree in computer science or information technology and computer sciences could provide you with the background needed to achieve your goals. Here are 9 reasons why a computing or IT course is right for you!

It is a fast-growing sector

According to OpenGovAsia.com, the Information and Communication Technology (ICT) market in Malaysia is set to grow at a compound annual growth rate of 8.9% between 2019 to 2023 (ie. US\$16.5 billion to US\$25.2 billion in 2023). The sector has also seen a steady increase in its contribution towards Malaysia's GDP from 18.1% (RM213 billion) in 2015 to 19.1% (RM289 billion) in 2019.

Raising need for cloud computing and outsourcing services

Mobility, cloud computing, data analytics, storage, and business process outsourcing have been forecasted to be the 5 leading IT solution areas in terms of growth rate. Accelerated by the Pandemic, the Asia Pacific region has become one of the fastest-growing regions in terms of cloud computing. Countries like Singapore, Australia, India, Japan, China, and South Korea are consistently recording higher growth rates in cloud computing.

Government propelled growth

The Malaysian Government's Industry4WRD national policy aims to transform and digitalise the manufacturing sector and related services between 2018 to 2025. The 2020 Malaysian Economic Stimulus Package also provides strong incentives in digital transformation, connectivity and digital infrastructures for buildings. These policies are expected to lead to a mature digitalisation of the Malaysian market - do you see the opportunities awaiting?

The rise of Asia

China now hosts 26% of the world's unicorn startups, however, the country still relies heavily on imported core technologies from countries like Japan and South Korea. Meanwhile, Singapore intends to position itself as the "Silicon Valley of Asia" for IT and computing professionals seeking international career and entrepreneurial opportunities, which means there are opportunities virtually everywhere in Asia.

Asia towards Industrial Automation and AI

Deloitte consulting China believes that industrial automation and industrial AI are entering a fast development period in Asia. Companies have begun adopting AI and big data to generate fast, adaptive, and long-term strategies to maximise competitiveness.

High starting pay

Over the years, Malaysia has moved towards a highly sophisticated digital era where opportunities for online businesses that promise lucrative returns and career development have multiplied. No wonder the starting pay for Computer and Software Specialists averages between RM4,500 to RM6,000 per month, to put it into perspective, a fresh-grad doctor earns between RM3,000 to RM5,500!

Develop transferable skills

Critical thinking and problem-solving go hand in hand and will help you whether you work on debugging a programme. Analytical skills are especially useful for professionals who work with big data or algorithms and are looking for patterns or creating instructions. These soft skills are easily transferable and highly demanded in other sectors as well if you're looking for a career shift in the future!

High paying career

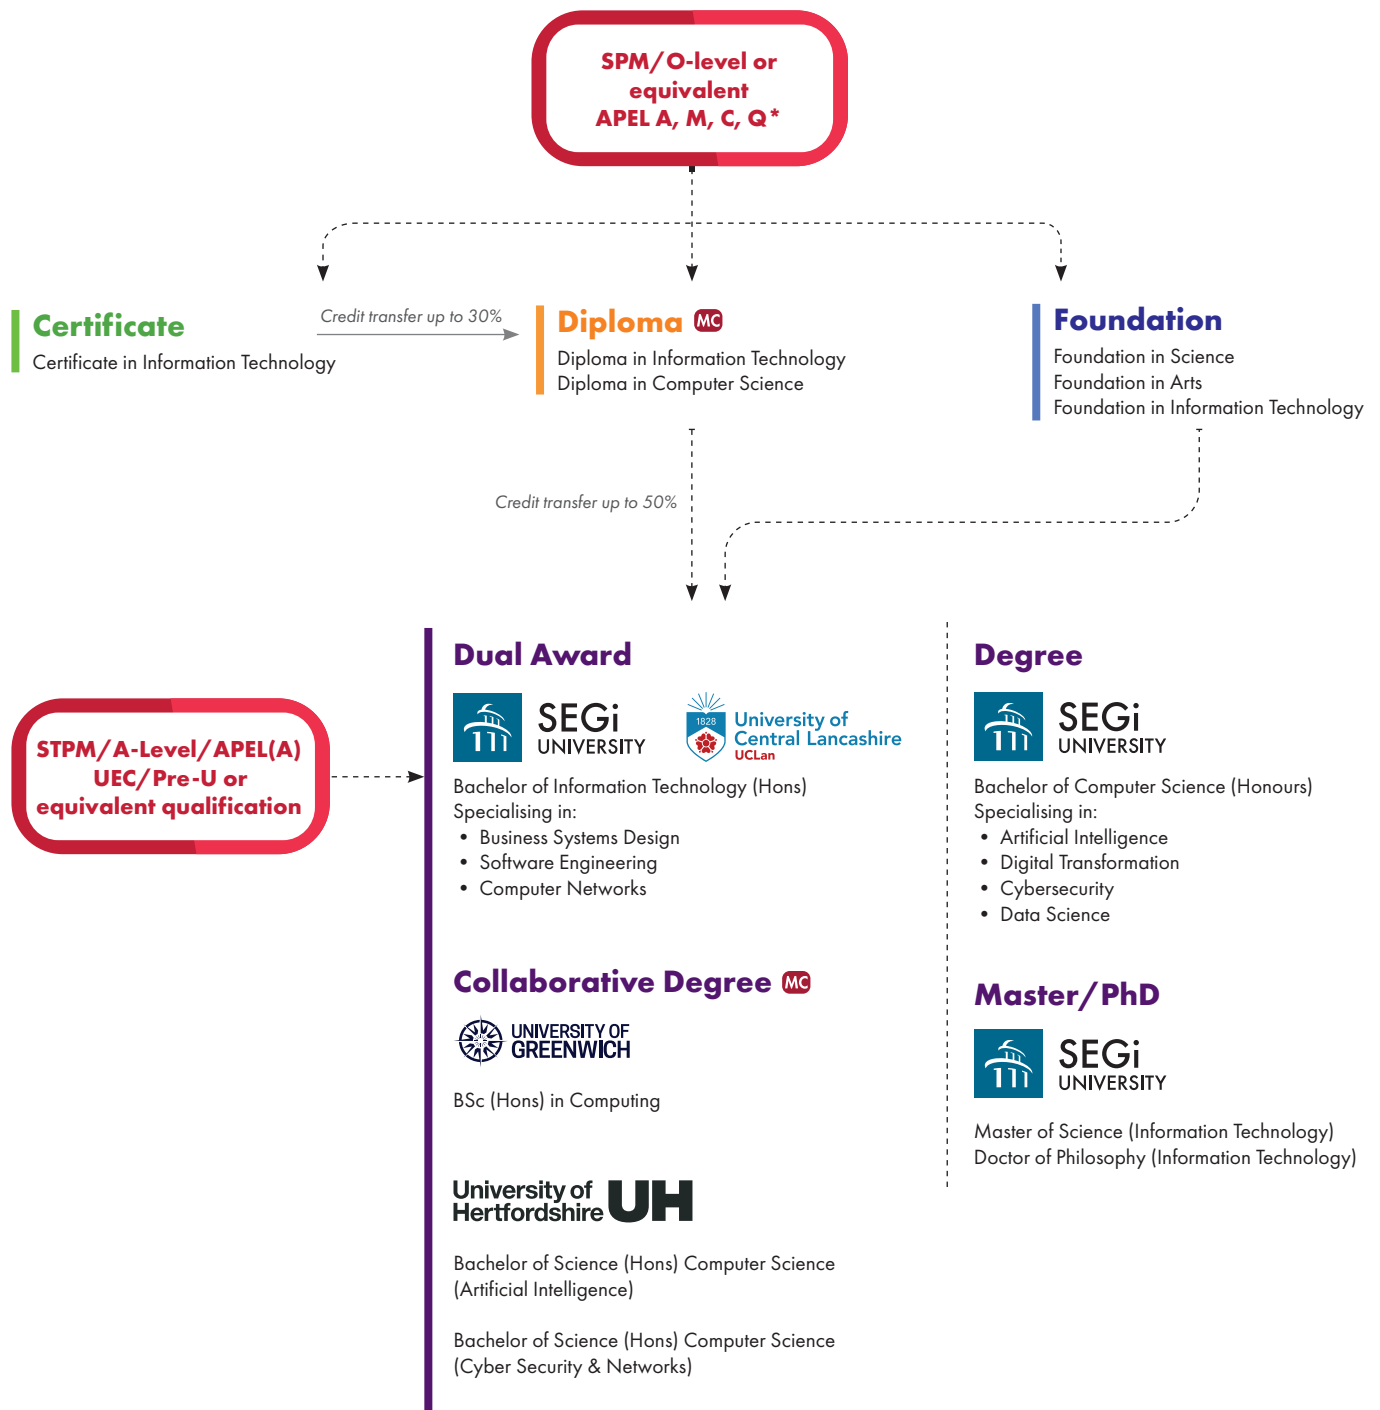

IT managers are among the top-paying jobs in the world. Responsible for protecting and securing a company's IT infrastructure and networks, they're among the most in-demand talents in the world with an average salary of USD142,000 per year.

Change the world

IT and Computing drives innovation in the sciences (human genome project, AIDS vaccine research, environmental monitoring, and protection just to mention a few), and also in engineering, business, entertainment, and education. Who knows one day, you'll be a part of the team that changes the world.

STUDY ROUTE

Credit Transfer

Your previous studies and qualifications may earn you credits towards your diploma or degree. The award of credits is given on the basis of subject mapping and grades achieved. The maximum transferable credits you may earn for a previous academic qualification could be 50% of the total credits for the Bachelor's degree. Work experience, MOOCs and other training certifications may earn you credit transfers of up to 30%. All credit transfers are subject to approval by the Senate or Academic Board.

^{MC} Micro-credential

We break it down to build you up. SEGi's Micro-credentials are unbundled from accredited qualifications, offering the modern learners a tempting, tantalising buffet-style learning model. While traditional diplomas or degrees are well-structured and solid, SEGi's Micro-credentials offer learners the choice of ultimate flexibility and customisation, empowering learners to select only what they want to consume, experience and learn. Through our innovative curriculum framework, these unbundled courses delivered through micro-credentials can then be easily rebundled into accredited and recognised qualifications.

PROGRAMME MATRIX

Programme	Awarding Institution	Entry Requirements	Campus
Bachelor of Information Technology (Hons) Specialising in: <ul style="list-style-type: none"> • Computer Networks • Software Engineering • Business Systems Design <small>KD [R2/482/6/0195][12/24][MQA/A10376]</small>	SEGi University & University of Central Lancashire, UK (Dual Award)	<ul style="list-style-type: none"> • A-Level – pass with 2 principals and credit in Mathematics for O-Level • UEC – pass with Grade B in 5 subjects (including Mathematics) • Pass in STPM with a minimum Grade of C (GP 2.00) in any TWO (2) subjects • Matriculation or Foundation - min. CGPA of 2.0 AND credit in Mathematics at SPM level • STPM – minimum grade of C (GP 2.00) in any TWO (2) subjects AND credit in Mathematics at SPM level • Diploma in Computing fields (Level 4, MQF) or equivalent with a minimum CGPA of 2.50. Candidates with a CGPA below 2.50 but more than 2.00 may be admitted subject to a thorough rigorous assessment • Diploma (Level 4, MQF) in Non-Computing with a minimum CGPA of 2.75. Candidates with a CGPA below 2.75 but more than 2.50 can be admitted subject to a thorough rigorous assessment AND credit in Mathematics at SPM level • Other relevant Diploma - with min. CGPA of 2.5 and a credit in Mathematics for SPM • International Students - minimum of Band 3.5 in MUET or equivalent to CEFR (High B1) (International Students) 	Kota Damansara

FULLY ACCREDITED

MICRO-CREDENTIALS

APEL A/M/C

MOBILITY

Specialising in:

1. Business Systems Design
2. Computer Networks
3. Software Engineering

Programme Modules

Year 1

- Discrete Mathematics
- Internet of Things
- Network and Data Communication
- Introductory Programming
- Operating Systems
- Systems Analysis and Design
- Object-Oriented Programming
- Web and Mobile Systems
- Database Systems
- System Paradigms
- Cloud Computing

Year 2

- Academic Research
- Ethical hacking
- Information Management
- Data Mining
- Information and Cyber Security
- Big Data Analysis
- Environmental Management and Technology
- Final Year Project 1
- Human Computer Interaction
- Computer Architecture

Year 3

- Final Year Project 2
- IT Professional Practice
- Project Management
- Entrepreneurship
- Internship

MPU

- Falsafah dan Isu Semasa (for local & international students)
- Penghayatan Etika & Peradaban (for local students only)
- Bahasa Melayu Komunikasi 2 (for international students only)
- Bahasa Kebangsaan A (for local students without credit for BM in SPM) or Effective Listening
- Integrity and Anti-Corruption (Local and International Students)
- Co-Curriculum: Sustainability Thinking (for local & international students)

Specialisation

1. Business Systems Design

- Software Requirements and Design
- Digital Transformation Strategy
- Digital Business Consultancy
- Data Modeling
- ICT Services Management

2. Computer Networks

- Network Design and Architecture
- Wireless and Mobile Networks
- Enterprise Networking
- Advanced Networking
- Networks and Systems Administration

3. Software Engineering

- Software Requirements and Design
- Software Testing
- Software Process Life Cycle
- Data Modeling
- Artificial Intelligence

Career Opportunities

Graduates of the BSc (Hons) Computer Science (Cyber Security and Networks) 3+0 programme will be equipped with the skills necessary to capitalise on business opportunities in the dynamic IT industry, both locally and globally. With expertise in Cyber Security and Networks, they can thrive in diverse roles such as Software Engineers, Cyber Security Specialists, Database Administrators, System Developers, and IT Infrastructure Architects. Demonstrating unwavering commitment to business ethics and cultural sensitivity, they are poised to make a positive impact in the ever-evolving landscape of technology and security.

FIGHT AT THE FOREFRONT OF CYBER CRIME

- UH Computing school is one of the largest in the UK
- Strong network with the industry
- Rapid growing industry, graduates are highly in demand

DIPLOMA IN COMPUTER SCIENCE

KD(N/481/4/0834)(11/28)(MQA/PA15040) • KL (R/0613/4/0042)(08/28)(PA9727)

MICRO-CREDENTIALS

APEL A/M/C

MOBILITY

Programme Modules

Year 1

- Calculus & Algebra
- Computer Architecture and Organization
- Database System
- Introductory Programming
- Introduction to Computer Science
- Introduction to Networks
- Data Structure & Algorithm
- Discrete Mathematics
- Introduction to Operating System
- Object Oriented Programming
- Introduction to CyberSecurity

Year 2

- Statistics in Computer Science
- Web Project
- Systems Analysis and Design
- Introduction to Data Science
- Data Visualization & Analytics
- Integrated Systems Projects
- Introduction to Artificial Intelligence
- Mobile Application
- Data Mining
- Business Innovation 4.0
- Industrial Training

MPU

- Industry Revolution 4.0 in Malaysia (for local & international students)
- Penghayatan Etika dan Peradaban (for local students)
- Bahasa Melayu Komunikasi 1 (for local & international students)
- Bahasa Kebangsaan A (for local students without credit for BM in SPM) or Growth Mindset
- Co-curriculum: Sustainability Thinking (for local & international students)

Mode of Study

- Full time
- Weekend

Career Opportunities

Your chosen career path may be Network Administrator, Software Developer, Network Maintenance Assistant, Information System Assistant, Database Administrator, Information Systems Analyst, Helpdesk Support Manager.

in collaboration with

EMPOWERING PROGRAMMERS & COMPUTING ENGINEERS OF THE FUTURE

- Learn practical skills from the industry
- Strong emphasis on programming
- Guaranteed* to Year 2 entry (for Degree Programmes)

* Terms & Conditions apply

BE AN AGILE TECHNICAL PROFESSIONAL

- Learn practical skills from the industry
- IR4.0 enhanced syllabus
- Guaranteed* to Year 2 entry
(for Degree Programmes)

* Terms & Conditions apply

DIPLOMA IN INFORMATION TECHNOLOGY

KD[R3/0611/4/0051][04/29][A10294] • SJ [R3/481/4/0101] [04/27] [A7756] • PG [R3/481/4/0264][10/28][A9340] • SWK [R3/483/4/0408][01/29][A9765]

Programme Modules

Year 1

- Discrete Mathematics
- Introduction to Operating Systems
- Information Technology
- Programming Methodology
- Database Management Systems
- Computer Organisation
- Systems Analysis and Design
- Object Oriented Development
- Web Designing 
- Applied Digital Skills
- Academic English

MPU

- Industry Revolution 4.0 in Malaysia
(for local & international students)
- Penghayatan Etika dan Peradaban
(for local students)
- Bahasa Melayu Komunikasi 1
(for local & international students)
- Bahasa Kebangsaan A
(for local students without credit for BM in
SPM) or Growth Mindset
- Co-curriculum: Sustainability Thinking
(for local & international students)

Year 2

- Windows Programming
- Introduction to Internet Programming
- Multimedia Studies
- Introduction to Mobile Applications
- Data Communication and Networking
- Software Engineering
- Integrated Systems Project
- Project Management
- Google Cloud Computing 
- User Experience (UX) Design 
- General Language Training
- Industrial Attachment

Concentration (choose 2 only)

- Big Data Technology
- Introduction to Artificial Intelligence
- Cybersecurity
- Introduction to Python Programming
- Introduction to Machine Learning
- Ethical Hacking

MICRO-CREDENTIALS

APEL A/M/C

MOBILITY

Programme Modules

Year 1

- Introduction to Information Technology
- General Language Training
- Basic Computing for Mathematics
- Introduction to Programming
- Applied Digital Skills
- Academic English
- Fundamentals of Operating Systems
- Web Designing
- Basic Networking and Concepts
- Introduction to Database
- Fundamentals of Computer Architecture

Year 2

- Introduction to Java
- Fundamentals of Graphics Design
- Electronic Publishing
- PC Maintenance
- System Development
- Introduction to Animation and Multimedia

MPU

- Falsafah dan Isu Semasa or Penghayatan Etika dan Peradaban (Local students) / Malaysian Studies 1
- Bahasa Melayu Komunikasi 1 (International students)
- Public Speaking Skill / Bahasa Kebangsaan A*
- Family Issues

* For Malaysian students who do not have credit in SPM BM

Mode of Study

- Full time
- Weekend

Career Opportunities

Upon completion of the Certificate in Information Technology, you may further your studies in Diploma or Degree or gain experience through careers such as customer support representative, client support officer, technician and many more.

BUILDING A STRONG FOUNDATION FOR INFORMATION TECHNOLOGY

- Pathway to an IT-related Diploma
- Flexible payment scheme for Cert-Diploma Pathway

FOUNDATION IN INFORMATION TECHNOLOGY

KL (R3/0611/3/0219) (02/28) (A8609)

Programme Modules

Year 1

- Basic Mathematics
- Information Technology
- Computer Application
- Personal and Professional Development
- Programming Methodology
- Statistics
- Introduction to Programming Languages
- Introduction to Animation and Multimedia
- Web Designing
- General English Training
- Principles of Management
- Academic English
- Database Management System
- Introduction to Object-Oriented Development

Why study this programme?

This qualification is specially designed for students with SPM, O-Level or equivalent qualifications and who have decided to pursue a career in computing or information technology. Upon successful completion of the SEGi Foundation in Information Technology, students can venture into a range of computing and information technology degree programmes.

FASTEST PATHWAY TO AN IT RELATED DEGREE

- *Fastest pathway into a wide variety of Degree Programmes*
- *Build a strong foundation in Information Technology*

DISCOVER YOUR PASSION IN
INFORMATION TECHNOLOGY
 WHILE KEEPING YOUR OPTIONS OPEN

- *Fastest pathway into a wide variety of Degree Programmes*
- *Build a strong foundation in Science*

FOUNDATION IN SCIENCE

KD (R2/010/3/0356)[07/25][MQA/A4432]; MQA/PA14176 N-DL/010/3/0024

Programme Modules

Year 1

- Chemistry 1
- Mathematics 1
- Chemistry 3
- Mathematics 3
- Academic English
- Computer Application
- Chemistry 2
- Mathematics 2
- Elective 1*
- Elective 2*
- Elective 3*
- Elective 4*
- Elective 5*

Elective (by Specialisation)*

General

- Biology 1
- Physics 1
- Biology 2
- Physics 2
- Physics 3

Health Sciences

- Biology 1
- Public Speaking
- Biology 2
- Information Technology
- Introduction to Patient Care

Engineering

- Physics 1
- Public Speaking
- Physics 2
- Information Technology
- Physics 3

* Electives are subject to change without prior notice.

* Students intending to articulate into the Health Sciences degree programmes will have a choice to take either General or Health Sciences Pathway.

* Students intending to articulate into Engineering degree programmes will have a choice to take either General or Engineering Pathway.

Why study this programme?

This qualification is specially designed for students with SPM, O-Level or equivalent qualifications. Upon successful completion of this programme, students may enrol in a range of health sciences or degree programmes engineering.

FOUNDATION IN ARTS

KD [R2/010/3/0406][07/26](MQA/FA0193); MQA/PA4175 N-DL/010/3/0025

Programme Modules

Year 1

- General Language Training
- Computer Application
- Introduction to Business
- Mathematics
- Statistics
- Academic English
- Public Speaking
- Critical Thinking Skills
- Principles of Economics
- Elective 1
- Elective 2
- Elective 3
- Elective 4
- Elective 5

Electives

Business & Accounting

- Introduction to Financial Accounting
- Fundamental of Management
- Intercultural Communication
- Information Technology
- Introduction to Marketing

Communication Studies/ English & PR

- Interpersonal Communication
- Intercultural Communication
- Fundamental Photography
- Information Technology
- Introduction to Marketing

Information Technology

- Programming Methodology
- Interpersonal Communication
- Fundamental of Management
- Intercultural Communication
- Information Technology

Quantity Survey/ Hospitality/Education/ Psychology

- Information Technology
- Interpersonal Communication
- Fundamentals of Management
- Introduction to Marketing
- Intercultural Communication

Creative Design/ Architecture/ Interior Architecture

- Colour & Form
- Drawing Fundamentals
- Fundamental Photography
- Intercultural Communication
- Interpersonal Communication

FOUNDATION IN ARTS

SJ [R2/010/3/0541] [07/26] (MQA/FA0452)

Programme Modules

Year 1

- Thinking Skills
- English I
- Mathematics
- Basic Information and Communication Technologies (ICT)
- Introduction to Psychology
- Essentials of Economics
- English II
- Introduction to Law
- Introduction to Sociology
- Co-curriculum
- Introduction to Management
- Writing and Research Skills
- Electives (Choose any two):
 - Introduction to Finance
 - Introduction to Visual Arts
 - Introduction to Mass Media and Communication
 - Introduction to Legal Skills

Why study this programme?

This qualification is specially designed for students with SPM, O-Level or equivalent qualifications and who would like to pursue a bachelor's degree at the university. Upon successful completion of the Foundation in Arts programme, students may further their studies in a wide range of degree programmes depending on units completed during their studies. Students may be eligible to apply for advanced standing.

A FOUNDATION WITH THE WIDEST PATHWAYS

- **Fastest pathway into a wide variety of Degree Programmes**
- **4 electives to choose from**

ELECTIVE COURSES

DIPLOMA LEVEL

No	Scholarship Name	School	Credit Value	No	Scholarship Name	School	Credit Value
1	Business and Company Law	Business and Accounting	3	28	CyberPsychology	Psychology	3
2	Business Communication		3	29	Positive Psychology		3
3	Business Management		3	30	Social Psychology		3
4	Cost Accounting		3	31	Understanding the Child's Growth and Development	Early Childhood Education	3
5	Data Analysis		3	32	Play & Learning for Young Children		3
6	Financial Accounting 1		3	33	Physical Education & Health Care for Young Children		3
7	Introduction to Business		3	34	Safety & Well-being of Young Children		3
8	Introduction to Finance		3	35	Global Citizenship for Young Children		3
9	Introduction to Management Accounting		3	36	An Introduction to Montessori Pedagogy	3	
10	Introduction to Marketing		3	37	Music for Children	Music	3
11	Principles of Management		3	38	Music Appreciation 1: Aesthetic & Style		3
12	Social Media Marketing		3	39	Music Appreciation 5: World Music		3
13	Technopreneurship		3	40	Music Fundamentals 1: Fundamental Theory	3	
14	Consumer Behaviour		4	41	Print Production	Hospitality & Tourism / Creative Arts & Design	3

23	Operations Management		4	50	Digital Graphics		3
24	Organisational Behaviour		4	51	Introduction to Multimedia & Animation		4
25	Personal Selling		4	52	Interactive Web Design		4
26	Industrial and Organisational Psychology	3	53	Videography	4		
27	General Psychology	Psychology	3	54	Presentation Skills	3	

CERTIFICATE LEVEL

No	Scholarship Name	School	Credit Value	No	Scholarship Name	School	Credit Value
1	Basic Financial Accounting	Business and Accounting	3	7	Basic Management	Business and Accounting	3
2	Introduction to Human Resource Management		3	8	Basic Marketing		3
3	Business Ethics		3	9	Business Communication and Writing		3
4	Basic Statistics		3	10	Basic Finance		3
5	Basic Business Principles		3	11	The Basics of Physical Education and Health Care in Early Childhood	Early Childhood Education	3
6	Introduction to Cost Accounting		3	12	Fundamental Photography	Creative Arts & Design	4

SEGi UNIVERSITY & COLLEGES'

IT & ENGINEERING PROGRAMMES ARE ALIGNED WITH THE 9 PILLARS OF INDUSTRIAL REVOLUTION 4.0

9 PILLARS OF TECHNOLOGICAL ADVANCEMENT

Cybersecurity

Operation in networks and open systems

High level of networking between intelligent machines, products and systems

Autonomous Robot

Autonomous, cooperating industrial robots

Numerous integrated sensors and standardised interfaces

Additive Manufacturing

3D printing, particularly for spare parts and prototypes

Decentralised 3D facilities to reduce transport distances and inventory

Industrial Internet of Things

Network of machines and products

Multidirectional communication between networked objects

Cloud

Management of huge data volumes in open systems

Real-time communication for production systems

Horizontal Vertical Integration

Cross-company data integration based on data transfer standards

Precondition for a fully automated value chain (from supplier to customer, from management to shop floor)

Simulation & Augmented Reality

Augmented reality for maintenance, logistics and all kinds of SOP Simulation of value networks and Optimisation based on real-time data from intelligent systems

Big Data Analytics

Full evaluation of available data (e.g. from ERP, SCM, MES, CRM, and machine data)

Real-time decision-making support and optimisation

Supply Chain

The use of advanced robotics, and the application of advanced analytics of big data in supply chain management

Place sensors in everything, create networks everywhere, analyse everything to significantly improve performance and customer satisfaction
